2024 GOALS

- **Consistently podium local/ regional GP and hare scramble races**

I've been fortunate to accumulate a list of wins and podium finishes over my racing career. My commitment to racing has taken me from Wyoming to Louisiana; from Florida to New York and all parts between. With my focus on off-road racing, I have raced in the National Enduro series, The Grand National Cross Country Series, The Full Gas Sprint Enduro Series as well as numerous regional and local Enduro, Grand Prix and Hare Scramble series'. I also enjoy working with younger up and coming riders in my sport, helping them work toward their goals. I'm ready to hit 2024 with a vengeance.
